## **PRODUCT OR SERVICE**

Readikgona Group (Pty)Ltd provides shipping containers that can be used for residential, commercial and industrial purposes. Shipping containers bought from manufactures to serve as storage or residence. Individuals and companies require storage and residence/office for a given period. The shipping containers vary in size, they range from 3m x 6m to 3m x 12m. The colour of the container is not specific and does not depend on customer preferences. The advantage of renting out a container is that you do not need to buy it especially if you need it for a short space of time. It is accessible at your own time.
